Design Engineering Scholarship Application Form

Name of Candidate

Candidate's Current School

Deadline for applications **Friday 13 November 2020**

Portfolios should be submitted by **Friday 8 January 2021**

The Design Engineering assessment will take place on **Saturday 16 January 2021**

Candidates wishing to be considered for a Design Engineering Scholarship will be required to submit a single side of A3 or 2 sides of A4 that showcase and evidence any involvement in extracurricular clubs, activities or visits related to design engineering. Short video clips (iMovies) are also perfectly acceptable forms of submission if the candidates would prefer. Candidates who do not submit evidence of the aforementioned task prior to the deadline will not be invited to interview.

The value of a scholarship, should your child be successful in winning this award, is 5%. All awards made will be fees linked and will apply to boarding or day fees as appropriate.

If additional financial assistance will be required, please contact the Admissions Department as soon as possible to allow us to start the process prior to the scholarship assessments. The parents or guardians of candidates requesting bursary assistance will be required to undergo means testing via the full completion of financial circumstances forms, which will enable Cranleigh to give an initial indication of the size of bursary available in the event that the candidate should be offered an award. These forms can be requested via admissions@cranleigh.org and must be completed before a candidate is assessed for an award.

Parents

I agree to accept an Award, if offered, on the following conditions. It is expected that all awards will be held for the full period of a student's career at Cranleigh, but they are conditional on high standards of attendance, diligence and behaviour on the student's part and on parents treating the School and its staff reasonably.
