The Library is at the heart of the school and reading is prioritised in all year groups, especially Lower School. Time is set aside for reading and library time for all pupils. Our Librarian helps them to choose books they will enjoy and monitors their progress. Older pupils often read with younger ones.

While the school has a Christian foundation, we welcome children of all faiths and none. Our Chapel is a light and modern space where the whole school gathers twice a week for community discussion and song.

We encourage pupils to understand service to their community and beyond, and all year groups take part in charity days and whole school initiatives.
